Terms and Conditions for the Loan Agreement between: Painted Wolf Wines and Pack investor.

- 1) This exciting project, to equip and staff a production cellar for Painted Wolf Wines and strengthen business capacity will help facilitate the doubling of sales by 2026 and allow the company to fulfil its goal to donate R1 million per year to conservation.
- 2) The investment opportunity closes on 30th November 2022.
- 3) Your investment of R10,000 will be repaid with wine in 3 equal installments of R5,000 each. The first selection will be packed within 10 working days after receipt of your investment in our company bank account and the signed contract. You will be notified when it is available for collection from the tasting room at The Simondium Guild or dispatched by courier (South Africa only). See point 7. The second wine installment falls due approximately 1st October 2023, and the third approximately 1st October 2024, when your loan will be deemed to have been fully repaid.
- 4) The wine will be valued at the full retail as per the Painted Wolf Wines on-line shop at www.paintedwolfwines.com on the date at which each installment is dispatched.
- 5) Winemaker Jeremy Borg will curate a wine selection with an emphasis on the limited release premium wines. You will receive an invitation to our annual zoom tasting and conservation talk. This will be hosted jointly by Jeremy and a well-known conservationist. Typically, but not necessarily, the selection will be made up from 3 bottles each of 8 wines. Of these, 6 wines will be selected for the online tasting. If the value of the selection falls slightly short R5,000 the outstanding balance will carry forward to the next curated selection.
- 6) If you don't wish to receive our curated selection you can opt to personalize your selection. We will e-mail you an order from which you make your personalized selection worth of R5,000. This will be dispatched at the same time as the curated selection. In this case we must have your order in place and have received any additional payment required as below, at least 3 weeks before the shipping date. If your order exceeds R5,000 you will be invoiced for the difference (with your 15% discount factored into the excess) Once payment is received the wine will be dispatched to you.
- 7) **NB** Shipping is included to all major centers in South Africa (as defined by the courier company). If the wine needs to be shipped to an outlying area, we reserve the right to charge a surcharge equal to the difference between the cost of shipping to a major location and the cost to the outlying location. Wine will be dispatched upon receipt of the shipping surcharge.

Pack Investor - additional benefits.
