Painted Wolf Wines and Pack Conservation Hero
May 2024

Get R7500 worth of wine PLUS benefits for just R5000 and become a PACK HERO

1. Your purchase of R5 000 will be honored with wine worth R7500., either in a single consignment, or in in two equal consignments of R3 750 each. The first selection will be packed within 10 working days after receipt of your payment. You will be notified when it is available for collection from our tasting room at The Simondium Guild or dispatched by courier (South Africa only; see point 5). If applicable, the second consignment will reach you during November 2024.
2. The value of the wine will be determined by the sales price as per the Painted Wolf Wines on-line shop at www.paintedwolfwines.com. These prices are subject to change from time to time.
3. If you opt to take the wine in two consignments, winemaker Jeremy Borg will curate each wine selection for you with an emphasis on the limited release premium wines. Typically, but not necessarily, the selection will be made up from three bottles each of six wines and is likely to be different each time. If the value of the selection falls slightly short of or exceeds R3 750 the outstanding balance will carry forward to the next curated selection.
4. You may opt to take a preselected parcel of 3 bottles each of 12 wines- 36 bottles spread over the range valued at just over R7500
5. If you don't want the curated selection you can opt to personalize your selection. We will e-mail you the cellar door order form from which you will select R7500 worth of wine. This will be dispatched within 10 days of receipt of your selection. The selection will need to be e-mailed to orders@paintedwolfwines.com place and have received any additional payment required as below, at least two weeks before the shipping date. If your order exceeds R7500 you will be invoiced for the difference (with your 15% discount factored into the excess). Once the outstanding payment is received the wine will be dispatched to you.
6. NB - Shipping is included to all major centers in South Africa (as defined by the courier company). If we need to ship to an outlying area, we reserve the right to charge a surcharge equal to the difference between the cost of shipping to a major center and the cost to the outlying location. Wine will be dispatched upon receipt of the shipping surcharge.
